What is the reason you want to work in the Netherlands/ Belgium?	I like the Netherlands, I visited before and worked in the Netherlands too.
What do you like most about your own country and what do you dislike?	We have a beautiful country. But, it's not enough. We need to know how to use it and we didn't. Romanians are smart and adaptable people but, at the same time, they are misogyny and homophobic. I'm sure, in time, under positive influence of the old democracy, they'll understand that people can be different. Equal, but different.
What will you miss most while working abroad?	My relatives and my friends.
How will you adjust to a new country and new culture?	I am familiar with Holland and the mentality of Dutch people, as I regularly came to work here many years. It is important for me to understand their culture and respect their habits, customs, mentality, all that makes them who they are.
Did you ever experience home sickness? If so, how did you overcome the home sickness?	No, I didn't.
What difficulties do you expect to encounter whilst working in the Netherlands/ Belgium?	Deficiency of understanding.
How are you going to spend your free time in the Netherlands/ Belgium?	In my free time I will follow my hobbies: reading, sports, meeting friends, going to the classical music or visiting art museums.
What are your future plans after finishing this job?	I am actually interested to continue this job (for the same or for other employers). But life is very surprising: I can meet new situations, new challenges.
